LEVEN-DS (Design&Supply)

LEVEN-DS is company that offers a full service laboratory renovation, design, supply, consulting and installation. Our mission is to make the process of laboratory designing and building easy and stress-free allowing you to focus on your best performance

Our extensive products include custom laboratory casework, fume hoods, biosafety cabinets, shelving, storage cases, lab fixtures, epoxy and phenolic resin countertops, faucets, and stainless steel lab casework. We are aware of the need for flexibility and quality design. We offer our services to all potential clients including hospitals, clinics, schools, pharmacies and laboratories.

Products and Services

1.Lab Design

-professional laboratory designers/consultants are available to answer any questions you may have regarding lab design, lab relocation or other parts of our product line.

2.Lab Casework

-we give you a variety of lab cabinet and lab casework styles to consider in your laboratory design, including biosafety cabinets.

-Design your laboratory from our many different casework sizes, styles and drawer configurations.

3.Lab Sinks and Tables

- We offer a wide variety of lab sinks and lab tables for every possible application.

-They are made of high-quality material to meet every style and use.

-All aspects of the lab tables are designed to be tailored to the components of individual labs.

4.Fume hoods and fume hood certification

-Different labs require different measurements, so there are several types of fume hoods to choose from.

-provides a variety of fume hood sizing options to encompass every potential laboratory need.

5.Lab renovation, Relocation and Upgrade

-Up to date facilities are often left behind and new furnishings have to be purchased and installed at the new lab.

-we specialize in lab relocation and renovation.

6. Lab Installation

- installation services will install your laboratory casework, fume hoods, lab fixtures, and acid-resistant blowers and other laboratory equipment as per our client's need.

-We'll also provide electrical and plumbing services on your project per your requirements.

7.Laboratory Equipment

We supply laboratory for schools, universities, hospitals, clinics etc. We supply laboratory equipment as per need of the institution. We also supply lab safety equipment that every laboratory should have to reduce the risk for serious injuries. These include goggles, garments, first aid kits, eye washing stations and showers, Fire extinguishers and blankets.
